State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 03/05/21 at 1100 hours:

- 116,0452,084 (+388,455) total confirmed cases in 219 countries and territories
- 2,585,640 (+8,909) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 03/05/21 at 1000 hours:

- 28,646,679 (+66,481) total confirmed cases
- 519,064 (+1,840) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 03/05/21 at 1100 hours:

- 3,493,126 (+4,659) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 03/04/21 at 2359 hours:

- 10,003,942 (+330,155) vaccines administered

Cal OES/ FEMA Vaccination Sites and Mobile Vaccination Clinics (MVCs):

- Oakland Arena Vaccination Site
- Oakland Mobile Vaccination Clinic 1 and 2
- California State University – Los Angeles Vaccination Site
- Los Angeles Mobile Vaccination Clinic 1 and 2

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

8.1 Magnitude Earthquake, Kermadec Islands, New Zealand

On 03/04/2021 at 1129 hours (Pacific), a magnitude 8.1 earthquake occurred in the Kermadec Islands region at a depth of 6 miles.

- This event followed a magnitude 7.3 earthquake at 0527 hours and a magnitude 7.4 earthquake at 0941 hours
- The National Tsunami Warning Center issued three consecutive Tsunami Information Statements indicating the event was being evaluated
- National Weather Service/State/Federal briefing calls were held until the evaluation was complete
- At 1424 hours the National Tsunami Warning Center issued Tsunami Information Statement #4 indicating there was no tsunami danger for the west coast
- Communications with local government continued throughout the evaluation period

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

03/05/21 - 03/11/21

Friday-Saturday

- Strong winds will gust 40-60+ mph over the northern California mountains today, spreading into the central Sierra tonight
- Light to moderate rain and mountain snow will arrive over northwest California late this afternoon, spreading over the remainder of northern and eventually central California later tonight into Saturday
 - Snow levels 4,000-5,000 feet initially but falling to 2,000-3,000 feet late tonight and Saturday, with amounts of 3 to locally 10 inches
 - Rainfall amounts of 1 to locally 3 inches across northwest California through Saturday, tapering to around one-quarter inch near the Bay Area and Sacramento Valley

Sunday-Thursday

- Several additional periods of rain and mountain snow return late Sunday and continue through much of next week. At this time, the most widespread precipitation looks to fall Tuesday and Wednesday
- Some stronger winds may return to southern California Tuesday and Wednesday

CALIFORNIA WEATHER IMPACTS

03/05/21 - 03/11/21
